## **Saviance Technologies launches Patient Tablet**

*The innovative cutting edge mobile integrated solution  
drives meaningful use of IT via patient engagement  
and streamlines administrative processes*

**Metuchen, NJ (March 14, 2014)** – [Saviance Technologies](http://www.saviance.com), a US based Healthcare technology services company has recently launched Patient Tablet, the gateway of the future of Healthcare. The Saviance Patient Tablet is a cutting edge mobile integrated solution for Physicians' Practices and Retail Clinics. Our cloud based solution is a one-stop-solution that gives our client the maximum advantage with minimum investment. The Patient Tablet ensures ROI and increases productivity significantly by enabling patient engagement through process automation.

The Saviance Patient Tablet enables providers to deliver and patients to receive high quality patient care with ease and accuracy through process automation. This solution lets doctors engage with patients and share important updates on health information. The Healthcare provider offices can also achieve a lot with minimum time spent and more accuracy. Online access of medical information of a patient through portals and electronic health records will also make the transfer of data easier with more precise, comprehensive and accurate details.

President and CEO of Saviance Technologies, Rohit Mahajan, said, "The Saviance Patient tablet enables providers to achieve the goal of performing preventive care. With 24x7 access to medical information, patients are empowered to make informed choices from where ever they choose to. It engages patients effectively and the online interaction dramatically reduces

the amount of staff time spent in data entry, validation and storage of records. Our patient portal streamlines administrative processes that can result in considerable cost savings for the organization.”

Saviance is a leading provider of Health IT solutions that offers services that enable healthcare enterprises to achieve critical business objectives. Its cloud-based products are cutting-edge mobile integrated solutions that give the maximum advantage with minimum investment. Saviance solutions help to ensure ROI and increase productivity by enabling patient engagement through process automation; 24 hour/seven day access to medical information through portals and EHRs; and easier transfer of data online.
