Saviance Technologies at HIMSS14 Regional Conference, Dallas TX

The HIMSS Regional Conference attracts the world's top thought leaders to engage with one another and discuss about the newest ideas in Health IT

DALLAS (May 5, 2014) – [Saviance Technologies](http://www.saviance.com), a US based Healthcare technology services company recently attended the HIMSS14 (Healthcare Information Management Systems Society) Regional Conference at Dallas, TX held during April 22-23, 2014.

HIMSS is an organization that works to lead change by working from the inside and its members have access to key insights, best practices, education, and each other – to improve the delivery of care. As a member of this organization, Saviance works to bring about forces that influence public policy impacting the national health IT agenda, educate colleagues on industry trends and market developments and connect with customers, peers and industry leaders.

The theme of this year's Conference was "Healthcare IT Innovation – It's a BIG Deal". The speakers and the attendees were able to explore and navigate their way through the changing

landscape in Healthcare IT Innovation. As an Exhibitor, Team Saviance got the opportunity to interact with industry stakeholders and leading thought leaders in the IT Health domain.

Having launched two of its premium products, Saviance Patient Intake Tablet and the Saviance iHealthConnect aimed at the US Health sector during the HIMSS14 Annual Conference at Orlando in February this year, team Saviance showcased these products at the Dallas HIMSS14 platform as well.

Dedicated to serving clients in the Healthcare Sector in the US, Saviance enables distinguished providers, payers, pharmaceuticals and life sciences to achieve critical objectives such as increased projects visibility across the organization, improved knowledge management, enhanced technological prowess, improved productivity, better return on investment and therefore the ability to make value-added business decisions.
